Table S1. Sites visited, their location and the number of times they were visited (three visits included one in July, one in August and one in October). In October, some sites had finished flowering, and so where possible a nearby *F. magellanica* plant still in flower was chosen and this is indicated in the “moved” column.

Site	Latitude	Longitude	No. visits	Moved
Ballindoooley Castle	-9.028211	53.308425	2 (July & Aug only)	NA
Cavan	-7.602791	54.039949	3	n
